

HIGH SPEED CHAIN OIL

USA → EUROPEAN

WE ARE SWITCHING OVER TO CRC EUROPEAN PRODUCTS

5012

LUBRICANT

32347

**Introducing
500ml can**

	USA	EUROPEAN
Code	5012	32347
Description	Sprays on like a liquid to penetrate deep, sets up like a grease for outstanding load-bearing protection.	A specially formulated blend of high quality mineral and synthetic oils, anti-oxidation and antiwear additives, friction modifiers and tackiness agents. High Speed Chain Oil penetrates deeply into vital chain pin and bushing areas, then sets to form an adhering, long lasting lubricant film. Designed even for highly loaded fast running chains used in corrosive, high power and shock load conditions.
Size	284 ml	500 ml
Colour	Red can	Green & white can
Appearance	Blue liquid	Clear blue liquid
Film type	Soft film	Soft film
Type of lubricant	Synthetic	Synthetic
Features	High & low speed Advanced anti-wear additives provide excellent protection for metal surfaces subject to severe loading. Waterproof formula bonds to chain and wear surfaces. Prevents corrosion, reduces load stress and extends chain life by reducing friction and wear that cause metal fatigue	High & low speed Resists hot and cold water wash-off · Resists high rpm sling-off · Reduces friction and wear · Reduces noise and vibration · Extends chain life · O-ring compatible · Harmless to metals and most plastics and rubbers (test before using on stressed plastic parts) · Does not contain chlorinated solvents
Plastic safe	Most plastics	Most plastics
