

JXY-E100M / 190678

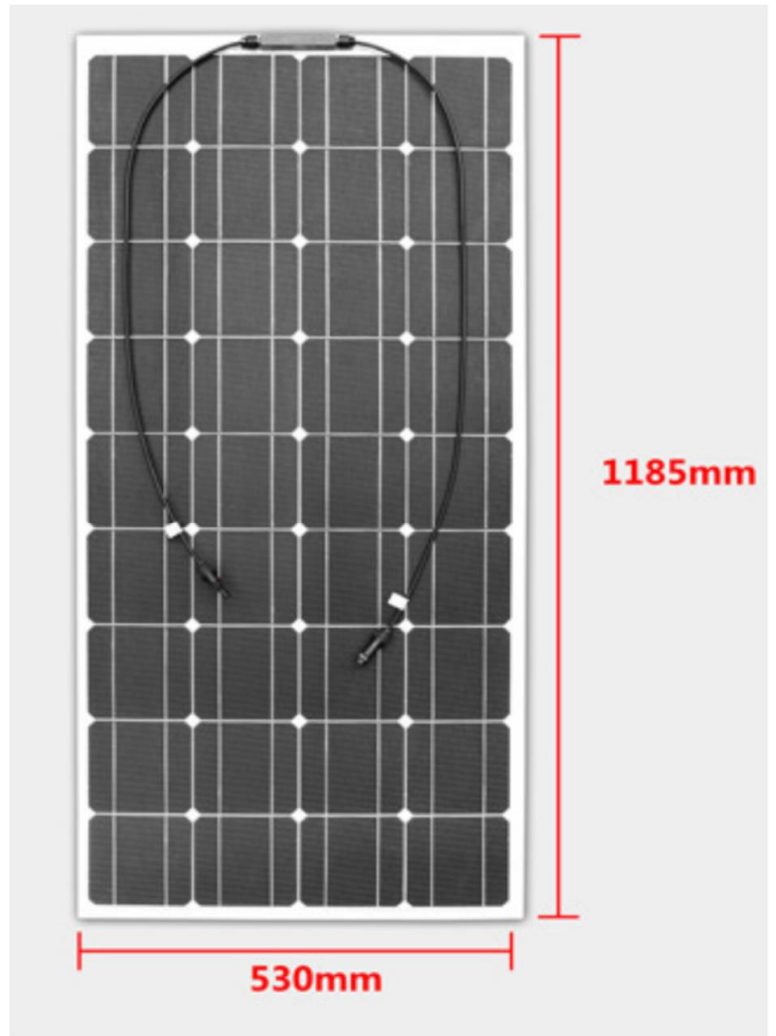

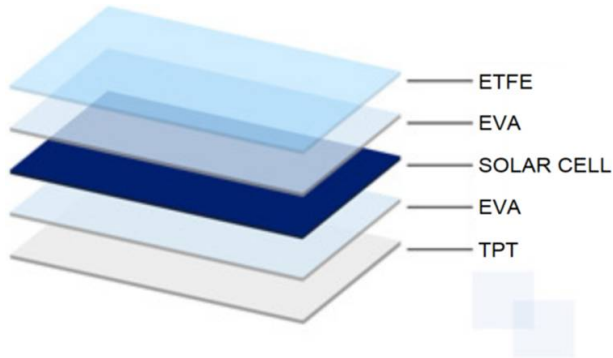

Product Parameters:

Model: xy-e100m
Power: 100W
VMP: 18V
IMP: 5.55A
VOC: 21.6V
ISC: 5.81A
Weight: 1.8kg
Thickness: 2mm
Silicon Wafer: monocrystalline silicon

Taiwan monocrystalline silicon cell sheet
The conversion efficiency is over 20%

Product structure:

The lamination thickness is only 2mm

Flexible solar panel :

Only one axis bend angel to 45° max.
