## MPS-H-3 SERIES TRIPLE CHANNEL DC LINEAR POWER SUPPLY

MPS-H-3 series is a triple channel dc linear power supply, which has five models, two adjustable channel and one fixed channel. The resolution is 10mV/1mA. RS-232/485, USB are optional.

Description	Review

1. The current and voltage can be adjusted within a certain range;
2. The series-parallel mode directly displays the voltage and current;
3. The last output data and last output state can be saved;
4. Optional USB, RS-232, RS-485 interface;
5. Channel 1 and Channel 2 are independent switch control;
6. Four-digit display, 10mV/1mA resolution;
