

BOCOELEC®

VER009C PLUS 3 IN 1 ,DOUBLE 6 PIN + 4 PIN INTERFACE PCIE RISER

6LED lights VER009C PLUS

Mining Prerequisite products

more stable

more safe

good signal

Product Parameters

Brand name	: BOCOELEC
Product name	: VER009C PLUS
Product Weight	: 100G
Power Type	: 2*6PIN 1*4PIN
Product size	: 124*46mm
Product Packaging	: Electrostatic bag
Colour	: Red Black
Product Material	: PCB+Capacitance+Copper wire

(Matters needing attention: When plug wire must identify the direction, not to counter or offset, prevent burning equipment, plug wire when the socket of equipment first, then plug wire, avoid too hard plug socket pin is broken.)

New revision circuit, mining efficiency greatly improved

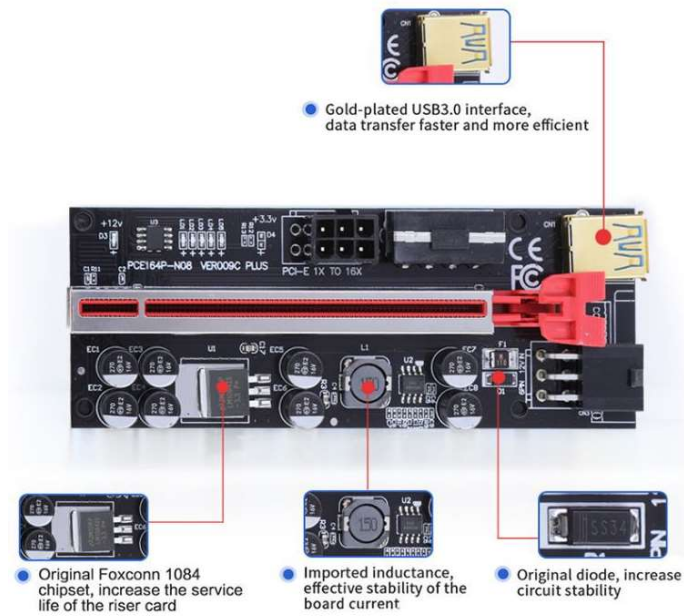

which is faster

stabler

easier-cooling

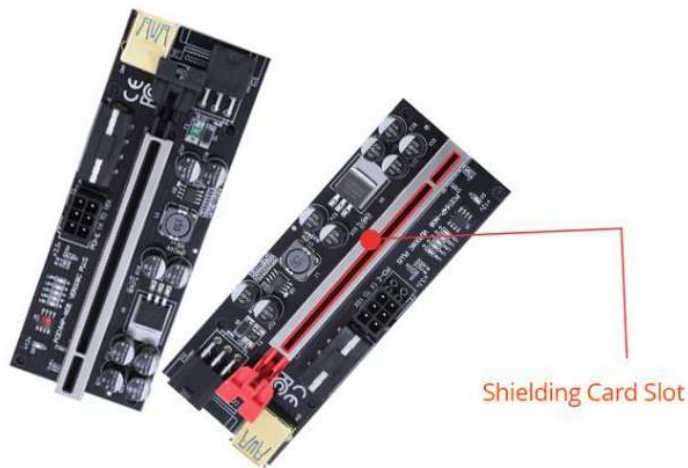

more durable

Card Slot

Patent card slot shielding design, data transmission is faster and more stable

/ Stabler and safer devices let you get more sense of security when you are mining! /

Packing specification

● PCIe-16X Main card

● SATA Cable

● USB 3.0 cable

● PCI-E 1X card
