

Shanghai glory cable Co., LTD

specification

Type specification		RVB 2 * 0。捕获		Rated voltage		300/300V	
Serial number	Pilot project		unit	Standard requirement		Test result	
1	Structural dimension						
1.1	Number of wires x section			0.4		2 * was 0.4	
1.2	Number of conductors		The root	2 * 23/0.15		2 * 23/0.15	
1.3	Mean insulation thickness		mm	Standard value 0.6		0.6	
1.4	Outside diameter - Average outside diameter		mm	4.2		4.2	
2	Electrical performance						
2.1	Conductor material			copper		copper	
2.2	Conductor resistance test		Ω/公里	/		/	
2.3	Insulation resistance		欧姆/公里	/		/	
2.4	Ac withstand voltage test			2500V does not break down		pass	
3	Mechanical and physical properties of insulation						
3.1	Tensile test before aging		N/平方毫米	/		/	
3.2	Tensile test after aging		N/平方毫米	/		/	
3.3	Thermal elongation test		%	/		/	
Test the fruit	pass						
Inspector (date)				Audit (date)			
				Engineering department seal
