220v relay on board

AD

why choose us?

- The extremely competitive cost of our products
- The personal back up service rendered by us, and
- The quality and reliability of our products

specifications:

- 12VDC or 16VAC operation
- Current drain 48mA energised
- Normally open & normally closed relay contacts 10A @220VAC
- Reverse polarity protection
- Back emf protection
- Physical size 37mm x 26m

application:

- Switch 220V lighting from siren output on panel
- Switch high current from low current trigger
