Dual Relay on Board

Technical Data

 [Installation connection diagram](#)

Specifications

- ▶ Power supply - 12VDC/16VAC
- ▶ Current drain - 18mA when energised
- ▶ Two independent normally open and closed relay contacts 1A @12VDC
- ▶ Reverse polarity protection
- ▶ Back emf protection
- ▶ Low voltage trigger input
- ▶ Physical size - 32mm x 32mm

Application

- ▶ Perform 2 tasks from single trigger
- ▶ Convert negative to positive trigger
- ▶ Switch a high current device from a low voltage trigger
