

Door Switch

PBS-35C

Application

Be used in variety of places : outdoor controls, Communications, Security equipment, Defense, Medical equipment, Industrial automation, Food processing equipment, Security control button, Industrial machinery, Coffee maker control button, Transportation: Mass-transit, life trucks, Bathroom control button and so on.

PBS-35C momentary on-(off) 220V NC door switch.

Specification

Ambient temperature	-10°C~+85°C
Contact resistance	< 20MΩ
Insulation resistance	>500VDC 100MΩ Minute
Withstand voltage	>1000VAC, 1 Minute
Operating Temperature	-25°C~+85°C
Mechanical life	>50000 CYCLES
Electrical life	>10000 CYCLES
Function	ON-(OFF)
Rated Current/Voltage	3A125VAC / 1A250vac
Color of Switch Cover	WHITE/BLACK

Dimension
